## Assignment 2: Group Contract

- Our Prompt
  - Four ground rules
    - Communication!
      - I understand that this isn't the only class we're taking, we have respective responsibilities, and life happens. Feel free to give any updates should anything arise and we can accommodate for anything moving forward.
    - Clarity
      - I think of assignments in two-parts. Understanding it and Completing it. I hope we can be clear with each other if we don't understand next steps in each part.
    - Open-Minded
      - Much like most of our work with this class, I feel that there's a lot of different routes that can be taken with our ideas. I'm sure it's clear that we're collaborating and we can definitely put our best foot forward as a group.
    - Have fun!
      - 😊
  - Three Bad Experiences
    - No communication til final week of assignment due
    - Unclear grounds of what is expected of each group member in each part of group work
    - Honestly just those two things
- Finish These Sentences
  - I function best in groups when we approach the assignment knowing where each member can apply their strengths.
  - I really hope our group can make the best effort that we can!
